Please follow this schedule if school moves to a distance learning model. Your child must log on to Google Meet every morning at 8:15 AM for attendance purposes (I will be sharing a link in the coming days). Ideally, they will also sign-in at 10:15 AM for Reading and 1:15 PM for Math. I will make attempts to accommodate for missed lessons, but it will be best if your child is "live" at the time of instruction.

Subjects that do not have "live" lessons will be done independently with worksheets, books, or interactive programs. I have outlined my suggested placement of these other items in the schedule, but feel free to do what works best for your situation. Some activities will be done on a daily basis, while others will only be done periodically. Please ask questions if things seem unclear.

I will do my best to follow this schedule, but in-class adjustments are always being made. Lesson times can vary by 5-10 minutes depending upon circumstances. If you have logged on and we are not there, please be patient. I appreciate your willingness to be my partner in this endeavor.

Hang in there!

**This schedule is subject to change as we navigate these waters. I am certain that there will be additions and/or adjustments.**
