## Book Reviews & Authors

### Tales Over Time -

During the next few weeks, Mr. Cole's class will set off on a series of adventures as they investigate time and change. The class will explore the big idea, "What is a folktale?" There will be folktales and informational stories about growth on many different levels!

### Comprehension:

*Main Idea - Details*

*Cause & Effect*

### Words to know:

*any, from, happy, once, so, upon*

### Spelling: (2/2)

*ten, hat, hot, sand, hand*

## Math & Science Frontiers

### Counting to 100 -

Mr. Cole's first grade class will soon begin a mathematics unit concerning the measurement of time ...

But as of January, students also started extending their knowledge of numbers up to 100. A primary concept to be addressed involves grouping. Children will use groups of 10 to write the numbers 11 through 19 as 10 and some left over. Students will then build upon that concept to count greater numbers and learn to estimate by using groups of 10.

The One Hundred Chart will now be important as it will be used to find patterns and to skip count. These activities will culminate in early February with the celebration of our **100<sup>th</sup> DAY!**
